

Tube

Schrader valve (AV) 40mm, workshop packing, delivery only in full VE (50 pieces), bulk

Price: 2,29 €

One inner tube, many possibilitiesThe HARTJE tube for a wheel size of 28" with classic 40 mm valves is suitable for tires of very different dimensions. The decisive factor here is the ETRTO value, which indicates the width and diameter of the tire. The Tube also offers numerous possibilities in terms of the different types of valves: It is available with Dunlop valves (DV), a Schrader valve (AV) as well as a Sclaverand valve (SV). The Tube is a real all-rounder that you can't go wrong with.
