

hebie Rear Kickstand "Fix 40"

26" - 28", with thread (M6), glossy black, SB-packed

RRP: 30,95 €

HEBIE Rear Kickstand Fix 40It may be somewhat inconspicuous on the bike, and it only comes into play when the bike is stationary. But then the "Fix 40" Rear Kickstand from HEBIE simply ensures that the bike doesn't fall over. And it really comes into its own with a lot of luggage in the basket, in the panniers on the Carrier or with a child in the child seat. Made of steel, it remains permanently stable. It is made for city and trekking bikes in sizes 26", 27.5" and 28". Depending on the bike size and the desired angle of inclination, the length of the "Fix 40" can be flexibly adjusted. The stability of the "Fix 40" is extremely well balanced in terms of quality and durability in relation to price and ease of use. The left Chain Stay, near the Dropout is the right place for mounting. Please note: The hole spacing for mounting is 40. If in doubt, simply measure or ask your bike dealer or mechatronics engineer.
