

hebie Rear Kickstand "Fix 40"

26" - 28", without thread, Ø at the hole: 6.5 mm, glossy black

RRP: 30,95 €

Rear Kickstand Fix 40 from HEBIEIf you use your bike every day, you need one with a stable Rear Kickstand like the "Fix 40" from HEBIE. How can you park it safely if there is nothing to lean on? It provides a secure stand, especially if it is intended to support the weight of panniers on the Carrier. It fits city and trekking bikes in sizes 26", 27.5" and 28" and is made of steel. The length of the stand can be variably adjusted to these sizes. The fact that you don't have to pay much attention to the "Fix 40" is due to its high-class manufacturing and ease of use. As intended for Rear Kickstands, the "Fix 40" is attached to the left Chain Stay. From here, it can absorb the heavy load from the Carrier. The hole spacing for mounting is 40 mm.
