

innobike Chain Spray "106 Kettenfluid"

300ml spray can incl. brush insert

RRP: 16,80 €

Developed for long-lasting lubricationBehind the properties of the product is a carefully created formula consisting of several components.Ester-based organic solvents with a high dissolving capacity ensure cleaning and rust removal. The solvents also ensure penetration into the tightest of fits.Gradual evaporation of the solvent components results in a dry, non-sticky lubricating film that nevertheless adheres firmly to the surface. Due to the good adhesion, the lubricating film does not spin off, which means a long service life for the lubrication and enables lubrication intervals to be extended considerably.The lubricating film made of specially developed polymers can also withstand high mechanical loads and the non-stick properties prevent dust and dirt from being deposited on the surface. Of course, the tightly closed, very well adhering lubricating film also provides very good corrosion protection.Application instructions - Application interval: 150 - 300 km, depending on the terrain and weather conditions.- Apply after driving. Allow a reaction time of 4-6 hours. 105 High Tech KETTENFLUID works overnight.- Avoid spray mist by using the brushes.- Avoid contacts with brakes of any kind; loss of braking power possible.- 105 High Tech KETTENFLUID infiltrates wetness so that the chains can be used immediately after the bike wash.Application- Apply 105 High Tech KETTENFLUID with Brush Attachment to the rear small Sprocket.- Turn the pedals backwards in freewheel mode and spray continuously until 105 High Tech KETTENFLUID drips from the large bottom bracket sprocket.- Leave to work for 46 hours. During this time, the Cleaner contained in the fluid evaporates and a thin, non-slip lubricating film remains on the Chain.- Application with the capillary tube is ideal for all types of cables, bearings and other moving parts. Removes gumming and dirt. Immediately eliminates stiffness.

Datos maestros

Número de artículo del proveedor:	IC-106300
EAN	4260097140195
UVP	16,80 €
Bidex-Code	309030
SB-Artículo	No
DST-Code	2N08
Fedas-Code	160965
Marca/Proveedor	innobike
Unidad de medida:	PIECE
Weight	0.291 kg

Datos técnicos

Artículo	Article
Categoría	cleaning , lubricant
Color de acento	Blanco
Color principal	Blanco
Color secundario	Naranja
Contenido	0.3 l
Tipo de bicicleta eléctrica	ready
Tipo de recipiente	spray can
Ámbito de aplicación	bike
