Chain X11 from KMC Tarmac or off-road - the X11 chain from KMC shows its strengths on off-road bikes and road racers alike. If you ride a bike with an 11-speed drive, the X11 chain is just right for you. With its 118 links, the chain is made of durable steel. In order to be able to close the chain properly, a Connecting Link is included in the scope of delivery, which connects the two loose ends.
