

POINT Chain "S512H"

silver

RRP: 14,95 €

Chain S512H from POINT Due to high speeds, powerful drives and higher bike weight, e-bike chains are exposed to far greater loads than conventional chains. This is why the S512H from POINT is specially designed for use on motorized bikes. In order to be able to close the chain properly, a Connecting Link is included in the scope of delivery, which connects the two loose ends.
