

Selle SMP Saddle "VT20C"

black

RRP: 145,00 €

Stylishly paddedThe "VT20C" from SELLE SMP is a flexible Saddle that impresses with its matt black look in terms of style across the board. It is made for road bikes or cross bikes as well as for daily commuting or on a single speed bike. The padding of the unisex saddle handmade in Italy ensures a certain level of comfort.Thanks to the SMP4BIKE design, this saddle relieves sensitive areas of the body that are not designed to hold the weight of the body. The Saddle Base is made of stainless steel, while the lower shell is made of nylon with carbon reinforcement. The carbon fiber provides extra damping when riding over bumpy roads or rough asphalt. SELLE SMP recommends this saddle for riders with a medium to narrow pelvis (sit bone distance between 9 and 11.5 cm). Weight: 260 g, dimensions (LxW): 255x144 mm.
