

SIGMA SPORT Bike Computer "Topline BC 5.16"

wired

RRP: 18,95 €

Waterproof, practical and with five functionsThe five most important functions can be found on the "BC 5.16" from SIGMA SPORT in a very small space. But clearly arranged on a large Display. The large Taster makes it easy to switch between the data. These are: Speed, daily kilometers, total kilometers, riding time and, conveniently, the time.The wheel sizes are set either simply via the tire size or manually by entering them in millimetres. The data can be read out and analyzed on a PC using the optionally available docking station. The "BC 5.16" is practically waterproof (protection against permanent submersion) and can be easily mounted using the rubber rings.

Datos maestros

Número de artículo del proveedor:	05160
UVP	18,95 €
