

SIGMA SPORT Bike Computer "Topline BC 9.16"

wired

RRP: 29,95 €

Calorie counterThe "Topline BC 9.2016" from SIGMA SPORT is a functional fitness bike computer which, in addition to the 9 functions, also displays the calories burned, whereby the calories are determined based on the speed. The bike computer receives the data wirelessly from the transmitter. This not only makes mounting easier, but also maintains the look of the bike. The transmitter and bike computer are mounted without tools using a rubber ring.

Datos maestros
