From eight to 22 functionsEveryone who rides a bike has needed a multifunction tool at some point. SIGMA SPORT offers the "Pocket Tool" in three versions.The most common keys for all bikes are packed into the smallest possible space in the "Pocket Tool Small". Rubberized side parts ensure a good grip. Thanks to its very compact size and a weight of just 76 grams, the small tool is ideal for Trousers or jersey pockets.With its flat design, the "Pocket Tool Medium" fits perfectly into saddle bags. In addition to 9 keys, it can also be used to adjust spokes and chains using a spoke tensioner and chain riveter. The side parts consist of removable tire levers.The "Pocket Tool Large" offers you the all-round carefree package for on the road, as it also makes more extensive repairs possible. This means you are ideally equipped for long tours. The equipment includes nipple wrenches in various sizes, Valve Keys and the useful Brakepad Tool for Disc Brakes. The lockable knife is a cool gadget not only for the bike but also for snack breaks on the go. The large tool can be split into two halves at the push of a button and locked back into place and safely stowed away after use.
