

Snell Mud Flap "Spritzlappen"

black

Price: 5,99 €

Reinforced protection against dirt This practical and flexible mudguard extension from SNELL can be attached quickly and easily. This is a reinforced version that also performs its function at higher speeds. It is suitable for both front and rear wheels. At the front, the "splash flap" protects the rider from flying water and dirt from the Front Wheel. Trousers and shoes, as well as the engine, chain or timing belt, stay cleaner and suffer less wear. If the Mud Flap is fitted at the rear, cyclists following behind will enjoy less splashing water. In addition, panniers or even a towed bike trailer remain cleaner this way. This fender extension can be attached to the fender stays or to the fender itself. This is easy to do using the standard Cable Ties supplied. The mud flap can be removed at any time.

Datos maestros

Número de artículo del proveedor:	1215
EAN	4260416641082
UVP	11,95 €
Bidex-Code	208090
