

tern Carrier "Transporteur Rack"

black

RRP: 175,00 €

Front loaderThe "Transporteur Rack" is an additional loading area from TERN that can be mounted on the steering tube above the Front Wheel. The 300 x 400 mm loading area fits, for example, a drinks crate or a correspondingly large Euro transport box for larger purchases or even a cooling box. The front carrier can carry loads of up to 20 kg and is a welcome alternative loading area for excursions when there are already two children on the back of the TERN GSD. Two practical, rear-facing Bottle Cages are also included for longer tours. The transporter rack is mounted on the frame, which is simply better for the GSD's steering behavior with heavy loads.

Datos maestros

Número de artículo del proveedor:	B.00003.0426.03.12
EAN	812741025460
UVP	175,00 €
Bidex-Code	208050
DST-Code	2O06
SB-Artículo	No
Fedas-Code	160523
Marca/Proveedor	tern
Unidad de medida:	PIECE
Weight	2.58 kg

Datos técnicos

Artículo	Article
Capacidad de carga máx.	20 kg
Color principal	Negro
Montaje	front
Tamaños de rueda apropiados	20 "
