

TRELOCK Folding Lock "FS 200/75 Two Go"

white

Price: 25,99 €

Folding Lock FS 200/75 Two Go The "FS 200/75 Two Go" foldable locks can do both: compact and flexible. When folded compactly, it fits into the vibration-free Bracket directly on the bike frame. Unfolded, it is 75 cm long and thus offers enough circumference to flexibly lock the bike to most fixed objects. Security is ensured by the joints made of special Tredur steel, the strong joint bolts and the "IN-X" lock cylinder. The steel is specially hardened and therefore saw-resistant, cold spray-resistant and extremely impact-, cut- and bend-resistant. The lock cylinder has an automatic locking mechanism that is operated with a reversible key and has its own Dust Cap for self-protection.
