

URSUS Double Leg Kickstand "80 - Jumbo"

28", max. bottom bracket height 30 cm, SB-packed

RRP: 48,95 €

Double Leg Kickstand Jumbo from URSUSSimply fold it out - and there it is, the bike! And completely straight too. Nothing could be easier when the bike has a reliable Double Leg Kickstand like the "Jumbo" from URSUS. Made of aluminum and plastic, it remains permanently stable. And on city and trekking bikes and 28" e-bikes. The fact that the "Jumbo" hardly needs any attention apart from that is due to its high-quality production and ease of use. In order for the "Jumbo" to support the bike properly, it must first be mounted on the kickstand plates behind the bottom bracket. With the addition of "e-bike ready", it is also approved for bikes with engine support up to 25 km/h when pedaling.
