URSUS Double Leg Kickstand HopperA Double Leg Kickstand like the "Hopper" from URSUS makes a bike suitable for everyday use. At the latest when you park your bike, you would sorely miss its two feet without a bicycle stand, fence or lamp post nearby. And even more so when hanging up panniers or with child seats. With the two feet, the bike always stands upright for convenient handling. URSUS has designed the aluminum stand for city and trekking bikes with a 26" wheel size. URSUS offers the stand with appropriate ease of use and durability. There is an Adapter Plate behind the bottom bracket for mounting the Double Leg Kickstand. Everything you need for mounting is included in the scope of delivery.
