

CONTEC Rear Light "TL-126"

with standlight

RRP: 9,95 €

Seeing and being seen is not only a good motto, but very important for cyclists on the road, especially in the dark months or at night.The LED rear rack light "TL-126" by CONTEC is a reliable companion for all rides in low light conditions. The robust LED rear light contains 2 bright LEDs, which ensure that the bike is always seen from behind and everywhere. This is helped by a parking light function, which also ensures adequate rear lighting when stopping at traffic lights.This bicycle lighting by CONTEC is characterised by a high-quality plastic housing, which is robust and weather-proof. An integrated large-area reflector is located in the housing. 2 connections and 1 push-and-pull plug make the product particularly versatile. Assembly on the rack is quick and comfortable and is possible without knowing much thanks to a rack mount (80 mm).The rear light enriches every bike and increases safety in all lighting conditions.

Datos maestros

Número de artículo del proveedor:	50122177-6
EAN	4250311340838
UVP	9,95 €
