

CONTEC Battery LED Light Set "24sevenStop"

black / grey

RRP: 59,95 €

The all-round carefree packageWhat do you prefer: the best path illumination or maximum light duration? Fortunately, you don't have to decide. The 24sevenStop lighting set from CONTEC offers you both options. Simply choose between the three setting options 70 lux, 30 lux or 15 lux. In addition, the headlight has a light-dark sensor that regulates the brightness level independently, and thus ensures the longest possible battery life. When the maximum possible lighting time of about 9 hours is reached, you can recharge the headlamp via micro USB cable. The same principle applies to the rear light, where the maximum lighting time is 6 hours. You can read the battery level via a display. The rear light has an innovative brake light function, which gives you and other road users more safety. If the red light of your bike lights up, others can react better. You can easily attach the 24sevenStop light set of CONTEC without tools on your bike.

Datos maestros

Número de artículo del proveedor:	51227602-6
EAN	4251507943116
UVP	59,95 €
DST-Code	2E01
SB-Artículo	Sí
Bidex-Code	207050
Fedas-Code	160677
Número de registro RAEE	DE86405961
Marca/Proveedor	CONTEC
Unidad de medida:	PIECE
Weight	0.147 kg

Datos técnicos

Alimentación eléctrica	battery mode
Artículo	Article
Autonomía máx.	9 h
Características	incl. integrated rechargeable battery , sensor , standlight , stop light
Color principal	Negro
Color secundario	Gris
Componentes	USB charging connection
Fijación	universal
Funciones	Stopplicht
Luminosidad	70 lux
Lámpara	LED
Tipo de batería	Li-Ion
Versión	light set
conforme a StVZO	yes
Ámbito de aplicación	bike
