

CONTEC Spoke Reflector "CSR-100"

self-service package

RRP: 5,95 €

Reflectors for good lateral visibilityTo ensure good lateral visibility, spoke reflectors are a useful addition to an intact bicycle lighting system for any bike that is used in traffic.The CONTEC "CSR-100" spoke reflectors use effective reflector surfaces to reflect incident headlight light in bright orange, thus increasing personal safety in traffic, especially in dark lighting conditions.The spoke reflectors are available as a set of 4 or loose and can be mounted easily and without tools: The spotlights are simply inserted between 2 spokes. Thanks to the special snap-in function, they are securely fastened there without rattling and hold even in tough everyday use.Whether on children's bikes, touring bikes or city bikes - the CONTEC "CSR-100" spoke reflectors are the safety plus in the hustle and bustle of the city. They are the classic alternative to Reflective Stripes on the tire sidewall and are the ideal addition to any well-equipped, StVZO-compliant bike.
