RRP: 15,95 €

V-brake with many advantagesA good brake is the be-all and end-all for every bike: this bicycle brake comes as a classic V-brake with angles of 90 and 130°. The CONTEC model "BR-KY10" offers proven safety with high-quality manufacturing at the same time.The V-brake is the classic among bicycle brakes and is easily recognized by its V-shaped form. The brake allows an individual and needs-based adjustment of the braking function. It is therefore an ideal model for the motivated beginner and the expert who wants to achieve a perfect performance with the practical adjusting screws also around the braking.The CONTEC "BR-KY10" is made of aluminum. Why? On the one hand, because aluminum is rustproof, and on the other hand, because the lightweight aluminum gives this brake including the 2 cable guide pipes a low weight of only 155 grams.With a arm length of 95mm, this brake is a small component with great effect for safety and driving pleasure.
