

CONTEC Brake Lever "BL-CT10 TWIST"

right

RRP: 13,95 €

Comfortable grip & full controlIf you want to feel comfortable on your bike, you should not compromise on quality when choosing the brake levers.The CONTEC brake lever "BL-CT10 TWIST" is suitable for all V-brake systems and offers the best grip and comfort while braking thanks to the grippy Kraton rubber insert on the grip area and the 4 finger use. The high-quality aluminium brake lever, which is optionally available for right-hand or left-hand mounting, is also suitable for use with twist shifters. It looks good on high-quality touring and city bikes with its elegant colour scheme in matte black and silver and a weight of only 102 g.Using the practical hex limit screw, the distance of the lever from the handlebar can be adjusted, so that the brake lever is suitable for both large and small hands alike.The CONTEC brake lever "BL-CT10 TWIST" is a brake lever for high demands due to its high-quality construction, comfortable levers and individual adjustability.
