

CONTEC Cable Cover "Stop"

black

RRP 17,95 €

For good dosing & efficient braking Well-adjusted bicycle brakes also need intact brake cables and outer brake cable casings. Cable end ferrules are important to achieve a good pressure point with V-brakes, cantilever or side-pull brakes. The CONTEC "Stop" cable end ferrule ensures a good fit of the outer sleeve in the mounts and enables optimum braking performance. The black Pushfit plastic ferrules with a diameter of 5mm are available in a practical bottle of 100 pieces and are simply pressed onto the ends of the outer brake cable housing. The ideal stock pack for regular overhauls of various brake systems.
