

CONTEC Stand Pump "Air Support Stealth"

black

RRP: 69,95 €

Precise & powerfulEspecially when mountain biking or road cycling, an optimally tuned tyre pressure is crucial for good rolling properties on different surfaces and in different weather conditions.The CONTEC floor pump "Air Support Stealth" allows tyres to be filled up to 12.5 bar or 180 psi and thus meets the high demands of professional road cyclists.Thanks to the practical clever Twin valve head, the floor pump fits on all valves. The high-volume aluminium pump barrel is used to pump the tyre particularly fast and efficiently. The air pressure can be read easily from the clear 3" pressure gauge with psi and bar display.The stable and extra-wide steel base ensures easy operation and a good footing, with which the pump can be easily held to the floor with the feet while pumping. In addition, the ergonomic T-handle, which is coated with Kraton rubber, ensures the best grip.The CONTEC floor pump "Air Support Stealth" made of high-quality aluminium and steel is available in discreet black and designed for regular use when cycling everyday.

Datos maestros

Número de artículo del proveedor:	GF-71
EAN	4250311320496
UVP	69,95 €
Fedas-Code	160651
SB-Artículo	Sí
Bidex-Code	301630
DST-Code	2I01
Marca/Proveedor	CONTEC
Unidad de medida:	PIECE
Weight	1.73 kg

Datos técnicos

Artículo	Article
Características	pressure gauge
Color principal	Negro
Material pie de soporte	steel
Presión máx.	12.5 bar
Presión máx.	180.00 PSI
Tecnología	TwinValve
Tipo de válvula	Dunlop (DV) , Schrader (AV) , Sclaverand (SV)
Versión	floor pumps
Ámbito de aplicación	universal
