

CONTEC Bottom Bracket "CBB-100"

118mm

RRP: 20,95 €

Ready to face the forcesThis popular square taper bottom bracket works perfectly with Shimano tools. It has a steel axle and BSA threads. Since the bottom bracket is the most heavily strained bearing on the bicycle, this sealed cartridge bearing is designed to withstand even the highest loads without any problems. It weighs just 280 g.The bottom bracket fits a 68 mm wide shell and has aluminium cups. This high-quality product is available for different axle widths, from 107 to 124.5 mm. It complies with the Japanese Industrial Standard, a widely used standard for machine components.
