

CONTEC Backpack "Waterproof 24"

silver / black

RRP: 54,95 €

Waterproof & spaciousThe "Waterproof 24" backpack is made from a waterproof fabric mix of tarpaulin and polyester. The layout of the backpack is deliberately uncomplicated, with a large main compartment and removable inner pocket. This provides plenty of flexible storage space inside, which is also variable in volume thanks to the hermetic roll closure.There is also a practical waterproof zipped compartment on the outside, which is very easy to open even when wearing gloves. A flat, lightweight back section with mesh trim ensures good comfort and breathability on the back and also gives the Bag stability.The carrying system can be adjusted in 4 different dimensions to ensure the perfect fit and comfort for every load. Adjustable chest and lap straps prevent the backpack from shifting around during the rider's journey. Reflective elements increase visibility in the dark. Available in 3 cool paints that perfectly match urban chic.
