

CONTEC Display Stand "Rock' n' Roll"

black

RRP: 39,95 €

Let's rock it: the "Rock' n' Wheels" Display Stand from CONTEC lives up to its name. Simply "roll it in" and you're done. It holds the front or rear wheel of your bike firmly in position so that you can either show it off properly or work on it with ease.The stable wheel stand is ideal for bikes without a built-in stand (not uncommon for mountain bikes, road bikes or gravel bikes). This allows you to park your precious bike safely without worrying about it tipping over.For the home workshop, the Rock' n' Roll is also a practical Workstand that makes working on your bike easier.In professional bike stores or at events, the Rock' n' Roll is primarily suitable for presentation. This is because the bike stands upright in the Display Stand and is therefore presented more beautifully.The CONTEC Rock' n' Roll weighs only 1.8 kg and is suitable for all wheel sizes and tire widths.
