

CONTEC Cable Cover "Shift S"

black

Price: 9,99 €

Effective protection against moisture Anyone who regularly rides their bike in wind and weather exposes their derailleur cables to moisture. The CONTEC "Shift S" cable end ferrule is sealed and, when fitted to the ends of the outer casing, prevents the ingress of water and the associated corrosion and stiffness of the derailleur cables. The cable end ferrules are supplied in a bottle of 50 pieces - an ideal stock pack for anyone who values smoothly functioning shifting.
