

## SHIMANO Chain "CN-HG93"

114 links, weight: 299g

**Price: 13,99 €**

SHIMANO Hyperglide Chain 9-speed A chain for all occasions - that's the CN-HG93 from SHIMANO. The Hyperglide Chain is designed to withstand long trekking tours and the high forces of an E-bike drive, but can also withstand dusty MTB trails. The CN-HG93 is suitable for 9-speed drives. Incidentally, Hyperglide stands for SHIMANO chains that shift particularly smoothly - even under high loads. As the chain with its 114 links is made of steel, it is particularly hard-wearing.
