SRAM Disc Brake "Rival AXS"

left, rear brake with 1800mm line

RRP: 310,00 €

For more riding fun and reliabilityPrecise and wireless shifting, biting and hydraulic brakes - with the "Rival AXS" Shifter and Brake Unit, SRAM offers you the perfect combination for your road or gravel bike if you don't want to compromise on riding fun and safety.Both Shift Levers control the Rear Derailleurs. They are configured this way by default: The rear derailleur shifts into a heavier gear via the right-hand Shift Lever and into an easier gear via the left-hand one. However, you can also use the "AXS" app to customize the shifting behavior and switch assignment.The brake pads are made from an organic composite material, which is why the brakes are significantly quieter than with metal pads. The DOT 5.1 Brake Fluid enables comparatively longer maintenance intervals with this hydraulic Brake Unit. The brake rotors and a flat-mount adapter are not included in the scope of delivery.

Datos maestros

Número de artículo del proveedor:	00.7018.443.002
EAN	710845864643
UVP	310,00 €
Bidex-Code	203020
DST-Code	2Q02
SB-Artículo	No
Fedas-Code	160401
Marca/Proveedor	SRAM
Unidad de medida:	PIECE
Weight	0.44 kg

Datos técnicos

Artículo	Article
Características	with shift lever
Color principal	Negro
Fijación	Flat Mount (FM)
Montaje	rear
Tipo de freno	Scheibenbremse
Variante	hydraulic
Ámbito de aplicación	Road , triathlon
