

QiO Single Bag "Gabriel"

black

RRP: 54,95 €

Variable & versatileThe "Gabriel" shoulder bag is your ideal companion if you want to go to the city centre for a stroll, for grabbing a few things for dinner or to just take a jacket and a bottle of water for a small after-work ride with your QiO bike. Made of water-resistant polyester with a folding closure and magnet, it's volume can be increased or decreased between 14 and 16 litres - depending on how many things you have with you. The inner compartment with zip is ideal for storing keys and a wallet. With the practical Hook-On system you can quickly and easily attach "Gabriel" to your rack - and just as easily remove it again. Just attach the strap and it can be converted into a shoulder bag. If you ride home in the dark, the reflective accents increase your visibility on the road. You can also mount an LED light to the attached loop.
