

AXA Chain Link "Linq City"

black, 180cm long

RRP: 75,95 €

Strong protection with steelThe "Linq City" from AXA is a strong bicycle lock with chain links that extend into the Connector. The high-quality chain locks are ideal for the (additional) protection of bikes.The locking mechanism is smooth-running and can be operated with a symmetrical key. It doesn't matter which side of the key you insert into the lock. For a particularly secure connection, a so-called "deadbolt" fastener in the lock housing fixes the last chain link.The rubber handles on the lock housing provide additional grip when operating the locks. AXA also offers an international online key service for this chain lock.The "Linq City" has a length of 100 cm, measures 7 mm in diameter and is supplied with a black cover.
