

CONTEC Jacket "Puffer"

size L

RRP: 79,95 €

The Contec "Puffer" winter jacket is a must-have for your wardrobe to keep you warm during the cold season. The unisex jacket comes in a plain dark blue and is made from a polyester/nylon blend. White appliqués break up the look. To keep your head warm or protect you from the rain, the jacket has a hood that you can adjust with drawstrings. You can warm your hands in the two zipped side pockets while waiting for the bus or put small items such as your front door key in them. The inside pockets are ideal for storing your cell phone. This keeps it close to your body in icy temperatures and prevents your battery from running out while you're out and about.
