

CONTEC Grip "MERGE Trekking Ergo Kork"

140 mm

RRP 29,95 €

At CONTEC you will find a wide variety of grips made of different materials, in different shapes and for different riding styles. Our MERGE grips adapt to you - not the other way around. They are divided into the categories City, Urban, Trekking and Mountain. The CONTEC MERGE Trekking Ergo cork grip is particularly suitable for more active cyclists who have a slightly forward leaning posture when riding - like on a trekking bike, for example. The "wings" on the grips, i.e. the support surfaces on the balls of the hands, prevent the wrists from bending unnaturally. This prevents fatigue, numbness and pain, even on long rides. The cork material is particularly skin-friendly and breathable. Sweat from your hands is quickly absorbed and shocks from uneven ground are directly cushioned so that your wrist is not subjected to too much strain. The cork on the grips not only looks stylish, but is also made from renewable raw materials! Another special feature of the MERGE grips is that they are compatible with our G-Link system. The G-Link interface allows you to attach practical accessories such as a bike mirror or bells directly to the grips.

Datos maestros

Número de artículo del proveedor:	VLG-2019AD3 CORK
EAN	4251507990615
UVP	29,95 €
DST-Code	2B04
Fedas-Code	160215
SB-Artículo	Sí
Bidex-Code	205030
Marca/Proveedor	CONTEC
Unidad de medida:	PAIR
Weight	0.155 kg

Datos técnicos

Artículo	Article
Color principal	Marrón
Color secundario	Negro
Forma	round
Longitud	140 mm
Material anillo de bloqueo	aluminium
Montaje	left and right (pair)
Sujeción	inner clamp
Tecnología	triple density
