

CONTEC Grip "MERGE Trekking Bar Kork"

140 mm

RRP 35,95 €

At CONTEC you will find a wide variety of grips made of different materials, in different shapes and for different riding styles. Our MERGE grips adapt to you - not the other way around. They are divided into the categories City, Urban, Trekking and Mountain. The CONTEC MERGE Trekking Bar cork grip is particularly suitable for more active cyclists who have a slightly forward leaning posture when riding - such as on a trekking bike. The "bar ends" are the little horns on the outside of the grips. They not only offer you stability, but also an additional, optional hand position. Changing grip positions prevents your hands from falling asleep too quickly. The cork material is particularly skin-friendly and breathable. Sweat from your hands is quickly absorbed and shocks from uneven ground are directly cushioned so that your wrist is not put under too much strain. The cork on the Grips not only looks stylish, but is also made from renewable raw materials! Another special feature of the MERGE grips is that they are compatible with our G-Link system. The G-Link interface allows you to attach practical accessories such as a bike mirror or bells directly to the grips.

Datos maestros

Número de artículo del proveedor:	VLG-2020AD3 KORK
EAN	4251507990639
UVP	35,95 €
DST-Code	2B04
Fedas-Code	160215
SB-Artículo	Sí
Bidex-Code	205030
Marca/Proveedor	CONTEC
Unidad de medida:	PAIR
Weight	0.234 kg

Datos técnicos

Artículo	Article
Color principal	Marrón
Color secundario	Negro
Forma	round
Longitud	140 mm
Material anillo de bloqueo	aluminium
Montaje	left and right (pair)

Sujeción inner clamp

Tecnología triple density
