

QiO Transport Carrier "Luk"

matte black

RRP: 119,95 €

"LUK" is the perfect transport solution for carrying bags and baskets when you're out and about on your QiO Bike. The large front rack features an integrated MIK system with a maximum load capacity of 15 kg. In addition, the "LUK" is equipped with a height-adjustable KLICKfix Adapter that can carry loads of up to 7 kg.The front rack is attached to the steering tube via a 4-point mount. These transport options are ideal for carrying groceries home in the basket or clipping a smaller bag onto the front—always within easy view. The best part: The KLICKfix Adapter is lockable, so your bag is protected against theft. Compatible accessories can be quickly and easily clicked into place on both systems.The “LUK” front carrier is compatible exclusively with QiO EINS models and the Compact AP8.An additional Adapter is required for mounting on the EINSx.
