

## CONTEC System Pedal "Slap LK"

black

**RRP 49,95 €**

The CONTEC "Slap LK" system pedal with Look Keo system will delight ambitious road cyclists who value performance, reliability and compatibility. With its composite housing and robust CrMo axle, this pedal combines a lightweight construction with exceptional durability. The ability to customise the release hardness allows you to adjust the pedal binding to your personal preferences and needs. With a compact size of 85,5 x 86,4 mm and an impressively low weight of around 270 g for the pair, these pedals offer an optimal contact surface without unnecessarily increasing the overall weight of your road bike. The open construction is designed to effectively minimise dirt and mud build-up, making the pedals a reliable partner even in difficult conditions. The low-maintenance, sealed industrial bearings guarantee long-lasting and smooth operation, which significantly reduces the need for maintenance. Keo cleats are included in delivery, making these pedals practically ready for use.

### Datos maestros

Número de artículo del proveedor:	VP-R77
EAN	4251971146563
UVP	49,95 €
Bidex-Code	202320
SB-Artículo	Sí
Fedas-Code	160376
