Optimum grip for the hands Athletes, MTBs and demanding cyclists know how important riding comfort and safety are, especially when it comes to the Handlebars. With the CONTEC "Trail Pro" grips, any bike can be professionally equipped. The secret of the product lies in the D2 component structure. There is soft gel padding in the hand rest area, which ensures comfort and high shock absorption. In the outer area, the grips are hard, which ensures optimum hold and grip on the Handlebar. The quality product is supplied as a pair and is already equipped with a matching handlebar clamps. It is compatible with the "G-Cap" Grip End Caps and the "G-Ring" Grip Clamp Rings. The length of each grip is 135 mm. Thanks to the design in the appealing paints of black and white, the CONTEC "Trail Pro" grips are not only a functional but also a decorative addition to any two-wheeler.
