SHIMANO Disc Brake "Deore XT BR-M8100 und BL-M8100"

rear, cable 1700 mm, lever right, without cooling fins, resin pads (3-finger Brake Lever T-8100, special item, loose)

RRP: 159,95 €

For the very best brakes performanceThe "Deore XT" groupset has always stood for the upper middle class at SHIMANO. Reliability and high quality come first. With the brakeset, consisting of the hydraulic "BR-M8100" 2-piston Brake Calipers and the "BL-M8100" lever, you will experience the very best braking performance in every situation.SHIMANO's Ice Technology prevents the brake pads from overheating. The integrated cooling fins create optimum heat dissipation so that the braking force always remains the same - even on long descents. Rotor and Adapter must be purchased separately. Suitable for frames or forks with post mount.
