

SHIMANO Bremsscheibe "RT-CL700"

203 mm, external gearing (for Thru Axle)

RRP 58,95 €

The SHIMANO RT-CL700 brake rotors rely on ICE TECHNOLOGIES and an optimized 3D aluminium carrier, which dissipates heat particularly efficiently and reduces noise at the same time. The two-piece sandwich construction made of stainless steel and aluminum ensures high stability and constant braking performance even during intensive use. Thanks to the Center-Lock mount with Lock Ring, the rotor can be mounted quickly and is compatible with resin and metal pads - ideal for road bikes, gravel and MTB.
