QiO Folding Lock "Folding Lock"

"Folding Lock Duo", black, incl. one short and one long XPlus Lock Cylinder

RRP: 169,95 €

With the QiO Folding Lock Duo, you are flexible on the go - in everyday life as well as when traveling with the QiO Long. With a length of 120 cm, the foldable locks offer enough space to securely lock your bike to fixed points, for example in the city, at the train station or in front of the kindergarten, school and vacation accommodation. So you can park your bike with peace of mind when you're out and about.The sturdy steel bars ensure a solid level of security (level 10 out of 15), while the compact folding size and the Holder make it easy to transport on your bike. The duo version with an XPlus lock cylinder is practical, with the short version suitable for the QiO Compact and the long version for the QiO Long. The cylinder allows you to convert the folding lock and the Battery Lock to be keyed alike. You can do this yourself or have it done by a specialist dealer.
