

Continental Tires "Grand Prix 5000S TR"

35-622 (700 x 35C), black, 380 g

Price: 56,50 €

Even lighter, even faster, even better. As a new version of the proven "Grand Prix 5000 TL", CONTINENTAL has established the "Grand Prix 5000S TR" as the new standard in its road bike portfolio. With this lightweight tubeless-ready tire, you are now even faster on the road. The reinforced sidewall complements the racing genes with a good dose of comfort and reliability. Various tire technologies developed by CONTI support your performance in training and racing. The carcass construction is particularly resistant and insensitive to sharp stones or sharp edges. With or without tubes - the "Grand Prix 5000S TR" is ideal for both. If you prefer to ride tubeless, we recommend the CONTI "RevoSealant" for sealing. Active Comfort Technology reduces shocks and vibrations exactly where they occur - between the tires and the road. CONTINENTAL has integrated the technology directly into the three-ply carcass, which significantly improves the ride feel and increases comfort. The well-known BlackChilli compound, which CONTI has further improved for the "Grand Prix 5000S TR", provides plenty of grip and low rolling resistance at the same time. The ratio of stiffness to stability is ideal for fast and winding laps. CONTINENTAL gives this Tubular Tires the necessary cornering grip with a micro-profile structure in the shoulder area. Everything for full control.

Datos maestros

Número de artículo del proveedor:	01021000000
UVP	91,95 €
SB-Artículo	Sí
DST-Code	2A02
Fedas-Code	160476
Bidex-Code	204040
Marca/Proveedor	Continental
Unidad de medida:	PIECE

Datos técnicos

Artículo	Article
Características	tubeless ready
Color principal	Negro
Descripción del color	schwarz
ETRTO	35-622
Medida de Ruedas	28 "
TPI/EPI	2x 220
Versión	foldable tires
Ámbito de aplicación	road
